INTRODUCTION OF JOINT RESOLUTION

The following joint resolution was introduced:

By Mr. Hall:

ASSEMBLY JOINT RESOLUTION No 13

WHEREAS, By reason of uncertainties in the law relating to the location of oil claims and title thereto under the placer mining law caused by the decision of the Interior Department of the United States reversing a long line of precedents, including decisions of the Supreme Courts of this and other states and the ruling of the department itself, locators of mineral oil lands have been justly expecting Congress at this session to pass some legislation for the benefit of oil locators who have gone on in good faith and made locations and done work and spent money in compliance with the provisions of the law as interpreted by the courts and the department for many years before such reversal; and

WHEREAS, Without such legislation at this session of Congress the work of development of oil lands will be curtailed to the lowest possible expenditure, which means that thousands of workmen will be thrown out of employment, the production of oil greatly lessened, and the price of oil materially enhanced, all of which would be detrimental to labor and the industries of this State now, therefore,

Resolved, That we request our Senators and Representatives in Washington to urge upon Congress the importance and grave necessity for immediate relief legislation at this session of Congress, to the end that the interests of labor may be protected and the progress of oil development be not retarded, and further

Resolved, That a copy of this resolution be transmitted by telegraph to each of the Senators and Representatives in Congress from this State.

The board of supervisors of Tehama County respectfully represents. That the State Legislature is considering several constitutional amendments and bills which will have the effect, if adopted and passed, of creating a public service commission with jurisdiction over all public service corporations in the State. It is proposed by most of the measures that the powers of the commissions so created be merely advisory, that is, the local boards will as at present continue their rate fixing and regulating functions, and the state commission will perform practically the same work, the corporations still being given the right to carry disputed questions to the courts.

That such a commission as the one proposed will add to the work of the legislative bodies rather than reduce it; therefore, be it

Resolved, That the board of supervisors of Tehama County respectfully petitions that instead of an advisory commission, an absolute commission with power to fix rates be created, and that an amendment be adopted that will relieve the local legislative bodies of all jurisdiction and responsibility in the matter of fixing rates or regulating public service corporations.

It was moved by Supervisor G. W. Vestal that the foregoing resolution be adopted. The motion was duly seconded by Supervisor H. C. Kauffman, and carried by unanimous vote of the board.

By Mr. Slater:

WHEREAS, The public press has given prominence to an article in the "Western Journal of Education," alleged to have been written by State Superintendent of Public Instruction Hyatt, in part as follows:

"Not much traveling for me to record this month. The Legislature is here, an innumerable host—Senators and Assemblymen, Messengers, Clerks, Stenographers, Pages, Elevator Men, Porters, Sergeants-at-Arms, Janitors, Electricians

"And all this innumerable throng is excited, buzzing about, rushing hither and thither, babbling, scrapping. Most of the males are smoking large, fat cigars, languid cigarettes, plebeian pipes

"They buzz all day and nearly all the night. They eat strange foods at unearthly hours, and drink unaccustomed liquors and breathe poisoned air. They are on a fierce nervous strain all the time. Banguers and social doings stalk on their trails.

"No wonder that stomachs give way and tired nature reels and reason totters on her throne during these three strenuous months. No wonder that the Sacramento climate is roundly abused in a thousand happy homes from Oregon to Mexico!" and

WHEREAS, Members of this honorable body are desirous of further information concerning the subject-matter of said publication, and

WHEREAS, We, as legislators, are enjoying and are not abusing Sacramento climate as the aftermath of "strange foods," unearthly hours, "fat cigars or languid cigarettes" or at all; therefore, be it

Resolved, That a committee of three be appointed to wait upon the State Superintendent to ascertain the panacea he recommends for the undue stir that will, we fear, further disturb the nerves of our great educational department in the State Capitol.

Hon. Mr. Hewitt, Speaker of the Assembly, State Capitol, Sacramento, Cal.

Senator Thos. Finn, Sacramento, Cal.

The executive board of the Asiatic Exclusion League regrets that regardless of previous communication on the subject we have not been afforded an opportunity to examine the anti-alien Asiatic bills which you introduced in the Senate Friday. It is the sense of the board that such bills as these at the present time are not conducive to the final enactment of effective and permanent Asiatic exclusion legislation and which only can be had through Act of Congress. The school segregation question has for some years been fairly satisfactorily settled and alien land tenure is judiciously and sanely dealt with by this league and the State labor bodies. We respectfully request that you proceed cautiously in this matter, as pressing measures of this kind now would mean irreparable injury to the exclusion cause.

O. A. TVEITMOE, President.

A. E. YOELL, Secretary-Treasurer.

Department Estimates of Annual Requirements.

SEC. 114. On or before the third Monday in July of each year or on such date in each year as shall be fixed by the council, the heads of departments, officers and

boards shall send to the commissioner of revenue and finance a careful estimate in writing of the amounts, specifying in detail the objects thereof, required for the business and proper conduct of their respective departments, offices and boards during the next ensuing fiscal year.

Annual Estimate of City's Requirements and Revenue.

SEC. 115. On or before the third Monday in August in each year, the commissioner of revenue and finance shall submit to the council an estimate of the probable expenditures of the city government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for the outstanding bonded indebtedness of the city and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be provided for each fund and department, also an estimate of the amount of income from fines, licenses and other sources of revenue exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

Annual Budget

SEC. 116. The council shall meet annually prior to fixing the tax levy and make a budget of the estimated amounts required to pay the expenses of conducting the business of the city government for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office or board as the council may deem advisable.

Board of Equalization.

SEC. 117. The council shall meet at its usual place of meeting on the first Monday in July of each year, at eleven o'clock in the forenoon of said day, and sit as a board of equalization for the purpose of equalizing the taxes, and shall continue in session from day to day until the last Monday in July. The city clerk shall give notice of such meetings by one publication in the official newspaper. Said board of equalization shall have power to hear complaints and to correct, modify, strike out or to lower or to raise any assessment; *provided*, that notice shall be given to the party whose assessment is to be raised.

Annual Tax Levy.

SEC. 118. The council must finally adopt, not later than the first Tuesday in September, an ordinance levying upon the assessed valuation of the property in the city, subject to the provisions of this charter, a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue. It shall then deliver the assessment roll to the auditor and ex officio assessor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor and ex officio assessor as being the assessment roll of said tax.

The tax levy authorized by the council, when collected, shall be placed in the general fund, which may be apportioned by the council, except as otherwise provided in this charter.

Taxation for School Purposes

SEC. 119. The council shall, when requested by the board of education, levy annually, a tax not to exceed five cents on each one hundred dollars of the assessed value of all real and personal property within the city. This amount, when collected, shall be used in the building fund of the school department, and shall be used only for the purchase of land for educational purposes, or for the construction of permanent school buildings, or permanent additions thereto.

No land shall be purchased with any money raised by such tax except with the approval of the council, as provided for by section one hundred eighty-seven (187) of this charter, and no school building or addition thereto shall be constructed with any money raised by such tax except in the manner provided for by sections one hundred eighty-eight (188) and one hundred eighty-nine of this charter, and no money raised by such tax shall be placed in any fund of the school department, except upon these conditions. The council may, upon request of the board of education, levy a rate upon the taxable property of the city which will, with the money obtained from other sources for educational purposes, raise sufficient funds to adequately support the public schools of the city. The money collected for school purposes shall be immediately paid into the proper school fund of the city, to be drawn out only on the order of the board of education, and only for the purposes for which it was collected.

Cash Basis Fund.

SEC. 120. The council shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one half cents

on each one hundred dollars of the assessed value of said property shall be placed in such fund until the accumulated amount in such fund shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year.

The council shall have power to transfer from the cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the cash basis fund be returned thereto before the end of the fiscal year.

Tax Liens.

SEC. 121. All taxes assessed, together with any percentages imposed for delinquency and the cost of collection, shall constitute liens on the property assessed; every tax upon personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by a sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance; *provided*, that when real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city, in like case and in like manner and with the like effect and with like right of redemption, as it may be struck off and sold to the State when offered for sale for state and county taxes, except that no certificate or receipt need be delivered to the State Controller and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereafter.

Duties of the Auditor.

SEC. 122. The auditor shall be ex officio assessor. As assessor he shall perform all the duties prescribed by this charter or by law for assessing property in the city for the purposes of taxation. As auditor he shall keep and number a record of all demands allowed by him, showing the date of approval, amount, and name of original holder, the number, on what account and out of what fund payable. He shall be required to be constantly acquainted with the exact condition of the treasury. He shall within one week after the close of each month, or oftener if required, report to the council the condition of each fund in the treasury. He shall keep a complete set of books for the city, in which shall be set forth in a plain and businesslike manner every money transaction of the city, so that he can tell at any time the exact condition of the city's finances. He shall make an annual report showing the sources from which the city's revenue was derived and how expended.

The auditor must prepare, countersign and deliver from time to time to the treasury, and to every officer authorized by law to charge or collect any fee, commission, percentage, allowance or compensation for the performance of any official service or duty, as many receipts as may be required, charging therewith the treasurer or other officials receiving them. He shall draw and sign all warrants upon the treasury. Every demand against the city from whatever source, including the school department and the Oakland Free Library, when allowed by the council or proper board, shall have stamped upon it the date of approval by such body and shall be signed by the president and secretary or clerk of such body and shall then be presented to the auditor, who shall satisfy himself whether the money is legally due and remains unpaid and its payment authorized by law and out of what fund. After such examination he shall approve or reject the claim in whole or in part and indorse on such demand his approval or rejection over his signature, together with the date thereof. If it is approved the fund out of which it is to be paid shall be designated. If it is not approved, unless the party presenting it is willing to take in full for the entire demand the sum offered, the auditor shall reject it and return it with his reasons for rejection, to the body which originally authorized it, then, if it is allowed by a four-fifths vote of the entire body authorizing it, it shall be audited in the same manner as if it had not been rejected; *provided*, the body had the authority to make the expenditure out of which the claim arose.

No demand upon the city treasury shall be considered, presented for action, or acted upon, allowed or approved unless it specifies on its face each several item composing it and the amount and date thereof. Every demand on any fund shall be numbered and acted upon by the auditor in the order of its presentation to him; and when allowed either in whole or in part, the warrant therefor shall be numbered and entitled to payment out of said fund in the same order as allowed. No demand upon the treasury shall be allowed by the auditor in favor of any officer or other person, or any firm, company or corporation; or his or its assigns, who is in any manner indebted to the city upon an obligation due the city, without first deducting therefrom the amount of such indebtedness. He shall on application of any person indebted to the city, holding money payable into the city treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasurer with the amount received.

It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and forthwith notify the treasurer of such apportionment.

If for any reason a warrant remains unpaid for a period of three (3) years, during all of which time funds have been available to meet it, the auditor may cancel it upon his records, but he must at the same time enter a record of it upon a book kept for that purpose, and should demand be made for payment of the claim involved at a subsequent date, draw a warrant in payment therefor against the general fund of the fiscal year then current.

Disposition of Money Collected.

SEC 123. Every officer collecting or receiving any moneys belonging to or for the use of the city, or in his official capacity, shall settle for the same with the auditor on or before the last day of each week, or at more frequent intervals as may be directed by the council, and immediately pay all of the same into the treasury, accompanied by the certificate of the auditor, for the benefit of the funds to which such moneys severally belong. When the last day of the week falls upon a legal holiday, the said payments shall be made on the next preceding business day.

Uniform Accounts and Reports.

SEC 124. Upon the recommendation of the commissioner of revenue and finance and the auditor, the council shall provide by ordinance a system of accounting for the city not inconsistent with the provisions of this charter, which shall be, as nearly as may be, a uniform system as to all departments.

ARTICLE XIX.

PUBLIC WORK AND SUPPLIES.

Form of Contracts.

SEC. 125. All contracts shall be drawn under the supervision of the city attorney. All contracts must be in writing, executed in the name of the city of Oakland by an officer or officers authorized to sign the same, and must be countersigned by the auditor, who shall number and register the same in a book kept for that purpose.

Requirements for Bids

SEC. 126. All proposals shall be made upon printed forms to be prepared by the city and furnished gratuitously upon application, with a form for the affidavit, hereinafter provided for, printed thereon. Each bid shall have thereon the affidavit of the bidder that such bid is genuine and not sham or collusive or made in the interest or in behalf of any person not therein named and that the bidder has not directly or indirectly induced or solicited any other bidder to put in a sham bid, or any other person, firm or corporation to refrain from bidding, and that the bidder has not in any manner sought by collusion to secure to himself an advantage over any other bidder. Any bid made without such affidavit or in violation thereof, and also any contract let thereunder, shall be absolutely void. All bids shall be clearly and distinctly written without any erasure or interlineation, and if any bid shall have an erasure or interlineation it shall not be received or considered by the council or board as the case may be.

All proposals offered shall be accompanied by a check certified by a responsible bank, payable to the order of the city clerk, for an amount not less than ten per cent of the aggregate of the proposal; and no proposal shall be considered unless accompanied by such check.

No person, firm or corporation shall be allowed to make or file or be interested in more than one bid for the same work. If, on the opening of said bids, more than one bid appear in which the same person, firm or corporation is interested, all such bids shall be rejected.

On the day and at the hour specified in said notice inviting sealed proposals the council, or board as the case may be, shall assemble and remain in session for at least one hour, and all bids shall be delivered to the council, or board as the case may be, while it is so in session, and within the hour named in the advertisement. No bid not so delivered to the council, or board as the case may be, shall be considered. Each bid as it is received shall be numbered and marked "Filed" by the president and authenticated by his signature. At the expiration of the hour stated in the advertisement, within which the bids will be received, the council, or board as the case may be, shall, in open session, open, examine and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the council, or board as the case may be, by the city clerk or the secretary of such board. Before adjourning, the council, or board as the case may be, shall compare the bids with the record made by the city clerk or the secretary of such board, and shall thereupon, at said time, or at such other time, not exceeding twenty days thereafter, as the council, or board as the case may be, may adjourn to, award the contract to the lowest bidder, except as otherwise in this charter provided. Notice of such award shall forthwith be posted conspicuously for five days by the city clerk, or the secretary of such board, on a bulletin board at or near the council chamber door of the council.

The council, or board as the case may be, may reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract with the city, and all bids other than the lowest regular bid; and on accepting such lowest bid, shall thereupon return to the proper parties the checks corresponding to the bids so rejected. If all the bids are rejected the council, or

board as the case may be, shall return all the checks to the proper parties and may again invite sealed proposals as in the first instance.

The check accompanying the accepted bid shall be held by the city clerk until the contract for doing said work, as hereinafter provided, has been entered into, and the bond accompanying the same, as hereinafter provided, is approved and filed, whereupon said certified check shall be returned to said bidder.

If said bidder fails or refuses to enter into the contract to do said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be forfeited to the city, and shall be collected and paid into the general fund. Neither the city council nor any board shall have the power to relieve from or remit such forfeiture.

Penalty for Collusion.

SEC 127. If at any time it shall be found that the person, firm or corporation to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, then the contract so awarded shall be null and void, and the contractor and his bondsmen shall be liable to the city for all loss or damage which the city may suffer thereby, and the council, or board as the case may be, may advertise for a new contract for said work.

Contracts—Bonds.

SEC. 128. All contracts shall be signed in triplicate, one of which with the specifications, and drawing if any, of the work to be done or materials to be furnished, or both as the case may be, shall be filed with the city clerk; one thereof with said specifications and drawing shall be kept in the office of the commissioner of the department under whose supervision the work is to be done, or in case the work is being done under the supervision of a board, then in the office of the secretary of such board; and the other with said specifications and drawings shall be delivered to the contractor.

At the same time with the execution of the contract the contractor shall execute to the city and deliver to the auditor a bond in the form named in the notice for proposals with two or more sufficient sureties to be approved by the council, or board as the case may be, or shall deposit with the auditor a certified check upon some solvent bank for the said amount, for the faithful performance of the contract. No surety on any bond other than lawfully authorized surety companies shall be taken unless he shall be a payer of taxes on property not exempt from execution or subject to homestead claim, the assessed value of which over and above all encumbrances is equal in amount to his liabilities on all bonds on which he may be surety to the city and each surety shall certify and make an affidavit (for which a form shall be printed upon said bond), signed by him, that he is assessed upon the last assessment roll of the city, in his own name, for property in an amount greater than his liabilities on all bonds on which he is surety to the city, and that the taxes on such property so assessed are not delinquent.

The contract shall specify the time within which the work shall be commenced and when to be completed, as was specified in the notice inviting proposals therefor. The council, or the board as the case may be, may extend said time, but in no event shall the time for the performance of any contract be extended for more than ninety days beyond the time originally fixed for its completion, except by the unanimous vote of the council, or board as the case may be.

In case of failure on the part of the contractor to complete his contract within the time fixed in the contract or within such extension of said time as herein provided for, the contract shall by that fact be terminated and the council, or board as the case may be, shall not thereafter pay or allow him any further compensation for any work done by him under said contract; and the council, or board as the case may be, may proceed to complete such contract either by letting or otherwise and the contractor and his bondsmen shall be liable to the city for all loss or damage which it may suffer on account of his failure to complete his contract within such time.

Progressive Payments on Contracts.

SEC 129. Any contract may provide for progressive payments, if in the ordinance authorizing or ordering the work permission is given for such a contract. But no progressive payments can be provided for or made at any time which with prior payments, if there have been such, shall exceed in amount at that time seventy-five per cent of the value of the labor done and the materials used up to that time, and no contract shall provide for or authorize or permit the payment of more than seventy-five per cent of the contract price before the completion of the work done under said contract and the acceptance thereof by the proper officer, department or board.

Public Work to Be Done by Contract.

SEC. 130. In the erection, improvement and repair of all public buildings and works, in all streets and sewer works, and in all work in or about streams, bays or water fronts or in or about embankments or other works for protection against overflow or erosion, and in furnishing any supplies and materials for the same,

or for any other use by the city or in the purchasing of any supplies to be used by the city, when the expenditure required for the same exceeds the sum of five hundred dollars, shall be done by contract, and shall be let to the lowest responsible bidder, after advertising for five consecutive days in the official newspaper for sealed proposals for the work contemplated or supplies to be furnished. Such notice shall distinctly and specifically state the work contemplated or supplies to be furnished. *Provided, however,* the council may reject any and all bids, if deemed excessive, and readvertise for bids, or provide for the work to be done by the department of public works or the supplies to be purchased in the open market, but in no case shall such supplies be bought at a price as high as the lowest bid received from a responsible bidder. In case no bid is received the council may likewise provide for the work to be done by the department of public works for the supplies to be purchased in the open market.

Indorsement of Auditor Upon Contracts.

SEC. 131. No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessment upon the property benefited, shall be binding or of any force, unless the auditor shall indorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The auditor shall make such indorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount so certified by the board or officer making the contract, and thereafter such sum shall be held and retained to pay the expense incurred until the contract shall be fully performed. The auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

Contracts for Official Advertising.

SEC. 132. The council shall let annually contracts for the official advertising for the ensuing fiscal year. For this purpose the council shall advertise for five consecutive days, setting forth distinctly and specifically the work contemplated to be done, including the type and spacing to be used, and asking for sealed proposals therefor. The council shall let the contracts for such official advertising to the lowest responsible bidder publishing a daily newspaper in the city of Oakland which is a newspaper of general circulation, having a bona fide general circulation of at least five thousand (5000) copies, and which newspaper has been regularly published in said city for two successive years prior to the time of awarding the contract; *provided*, that the council may reject any or all bids if found excessive, and advertise for new bids.

The newspaper to which the award of such advertising is made shall be known and designated as the "official newspaper." Except when otherwise provided in this charter, or by general law, all official publications made by the city shall be made in the official newspaper only.

All election notices, or lists of candidates for office, department reports, ordinances, charters, or charter amendments, advertising, publicity affairs, or other publications required or authorized by this charter, by general law, or by any ordinance of the city to be made in any newspaper and all such publications for which the city of Oakland may be liable, shall be paid for by the city at such rates as shall not, in any event, exceed the ordinary and regular advertising rates charged other advertisers; and all printing of books, pamphlets, bills, letter-heads or other documents or printed matter required by the city shall be paid for at a price not exceeding the usual business rates therefor. No bill shall be paid by the city for such advertising or printing in excess of the said usual business rates.

Contracts for Lighting

SEC. 133. No contract for lighting streets, public buildings, places or offices shall be made for a longer period than one year, nor shall any contract to pay for electric light or any illuminating material at a higher rate than the minimum price charged to any other consumer during the life of said contract with the city be valid.

Contracts for Water.

SEC. 134. No contract for supplying water for the use of the municipality in any of its departments shall be valid wherein the rates exceed the minimum rates charged to other consumers during the life of said contract with the city.

Hours of Labor.

SEC. 135. The maximum time of labor or service required of any laborer, workman or mechanic employed upon any municipal work, whether so employed directly by the city and its officers, or by a contractor or sub-contractor, shall be eight hours during any one calendar day.

Collusion With Bidder—Effect on Officer.

SEC. 136. Any officer of the city, or of any department thereof who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information or who shall willfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office, and be forever ineligible to hold any office or employment in or under the city of Oakland.

ARTICLE XX.

FRANCHISES.

Property Rights of the City Inalienable.

SEC. 137. The rights of the city in and to its water front, wharf property, land under water, public buildings, wharves, docks, streets, highways, public parks and all other public places, except as otherwise provided in this charter, are hereby declared inalienable.

No Use of Streets Without a Franchise.

SEC. 138. No person, firm or corporation shall ever exercise any franchise, permit or privilege mentioned in this article except in so far as he or it may be entitled to do so by direct authority of the constitution of California or of the constitution or laws of the United States, in, upon, over, under or along any street, highway or other public place in the city unless he or it shall have obtained a grant therefor in accordance with the provisions of this article of this charter.

Franchises to Use Streets.

SEC. 139. Every franchise, permit or privilege for the purposes hereinafter enumerated in this section shall, except as otherwise provided in the constitution of the State of California, be granted by the council upon the condition specified in this article, and not otherwise:

(1) Every franchise, permit or privilege to construct or maintain or operate a street railroad, a suburban railroad, or an interurban railroad along, upon, over, in, under or across any street, lane, alley, court, highway, road, park, or other public place in the city of Oakland.

(2) Every franchise, permit or privilege to lay or maintain or operate pipes or conduits along, upon, over, in, under or across any street, lane, alley, court, highway, road, park, or other public place in the city of Oakland for the purpose of transmitting water, gas, steam, oil, air or other substances.

(3) Every franchise, permit or privilege to erect or maintain or operate poles or to string wires along, upon, over, under, in or across any street, lane, alley, court, highway, road, park, or other public place in the city of Oakland, for the purpose of transmitting electricity or electrical energy.

Nothing in this section shall be construed as applying to spur or side tracks provided for in subdivision fifty-five (55) of section fifty-one (51) of this charter.

Applications for Franchises

SEC. 140. (1) An applicant for a franchise, permit or privilege shall file with the council an application therefor, and thereupon the council shall, if it proposes to grant the same, advertise the fact of said application, together with a statement that it is proposed to grant the same, in the official newspaper of the city. The publication of such advertisement must run for ten consecutive days, Sundays and legal holidays excepted, and must be completed not less than fifteen and not more than thirty days before any further action can be taken on such application.

Conditions of Grant.

(2) The advertisement must state the character of the franchise, permit or privilege it is proposed to grant, and, if it be a street railroad, or a suburban or interurban railroad, the route to be traversed, that sealed bids therefor will be opened at a stated time and place, and that the franchise, permit or privilege will be awarded to the bidder offering to pay to the city during the life of the franchise, permit or privilege, the highest percentage of the gross annual receipts received from the use, operation or possession of the franchise, permit or privilege, provided, that such percentage be not less than two per cent of said gross annual receipts during the first five years, not less than four per cent during the next ten years and not less than five per cent during the last twenty years, provided, that if the franchise, permit, or privilege be a renewal of a right already in existence, the payment of the highest percentage of the gross receipts shall begin immediately on the taking effect of the new franchise, and provided further, that the council shall have the right to reject any and all bids.

Bidding for the Franchise.

(3) At the time of opening the sealed bids any responsible person, firm or corporation may bid for such franchise, permit, or privilege not less than one half of one per cent of the gross annual receipts for the entire term of the franchise above the highest sealed bid therefor, and such bid so made may be raised not less than one half of one per cent of the gross annual receipts for such entire term by any other responsible bidder, and such bidding may continue until finally such franchise shall be struck off, sold and awarded by the council to the person, firm or corporation offering the highest percentages of the gross annual receipts arising from the use, operation or possession of such franchise, subject to the provision of subdivision two (2) of this section; *provided*, that if, in the judgment of the council, no adequate or responsible bid has been made, the council may withdraw such franchise from sale or advertise for new bids.

If the franchise, permit or privilege is for a street railroad, or a suburban railroad or an interurban railroad which shall extend beyond the limits of the city of Oakland, then and in that case the percentages of gross receipts above specified shall be computed or reckoned as follows: The total length of the said railroad within and without the city shall be compared to the length of the said railroad within the city for which a franchise, permit or privilege is bid for, and such fraction of the entire gross receipts for the whole of such railroad within and without the city as the portion of such railroad within the city is of the said whole railroad shall be deemed and considered the gross receipts upon which the above percentages to be paid into the city treasury shall be reckoned. Any street railroad, suburban railroad or interurban railroad which, without having a franchise, permit or privilege from the city of Oakland so to do, uses the tracks of any other street railroad, suburban railroad or interurban railroad within the city of Oakland, shall pay into the treasury of the city of Oakland such minimum percentages of the gross receipts as are specified in subdivision two (2) of this section.

Deposit as Guarantee of Good Faith.

(4) Every application for a franchise, permit, or privilege under this article and every bid except that of the applicant under this article shall be accompanied by a cash deposit of two thousand dollars or a certified check for said amount, payable to the city clerk, certified to by some responsible bank, as a guarantee of the good faith of applicant or bidder, and as fund out of which to pay all expenses connected with such application and the granting of such franchise, permit or privilege.

Upon the franchise permit or privilege being awarded, all deposits made by unsuccessful bidders shall be returned. The deposit of the successful bidder shall be retained until the approval and filing of the bond hereinafter provided for, whereupon the remainder of such deposit, after the payment therefrom of all expenses incurred by the city in connection with the advertising and awarding of such franchise, permit or privilege, shall be returned.

Free Competition in Bidding.

(5) No clause or condition of any kind shall be inserted in any advertisement of any franchise, permit or privilege offered for sale under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor.

Bond

(6) The successful bidder for any franchise, permit or privilege awarded under this article shall file a bond running to the city to be approved by the council, in the penal sum prescribed by the council and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe and faithfully perform each and every term and condition of such franchise, permit or privilege, and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety upon such bond.

Such bond shall be filed with the council within five days after such franchise, permit or privilege is awarded and within thirty days after the filing and approval of such bond such franchise, permit or privilege shall by the council be granted by ordinance, subject to the referendum provisions of this charter, to the person, firm or corporation to whom it shall have been struck off, sold, or awarded, and in case such bond shall not be so filed, the award of such franchise, permit or privilege shall be set aside and any money deposited in connection with the awarding of the franchise, permit or privilege shall be forfeited and the franchise, permit or privilege shall, in the discretion of the council, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore provided.

Life of Franchise.

SEC. 141. The maximum length of time for which a franchise, permit or privilege to use the streets, alleys, highways, lands, waters, or other public places in the city may be granted to any person, firm or corporation shall be thirty-five (35) years.

Beginning and Completion of Work.

SEC 142. Construction work under any franchise, permit or privilege granted in accordance with the terms of this article shall be commenced in good faith within not more than four months from the date of the taking effect of the ordinance granting such franchise, permit or privilege, and if not so commenced within said time, said franchise, permit or privilege shall be forfeited. Work under any franchise, permit or privilege so granted shall be completed within the time fixed for such completion in the ordinance granting such franchise, permit or privilege, which time shall be not more than three years from the date of the taking effect of the ordinance granting such franchise, permit or privilege, and if not so completed within said time, said franchise, permit or privilege shall be forfeited; *provided*, that if good cause be shown, the council may by resolution extend the time for completion thereof not exceeding three months, *and provided*, that the limitations and provisions hereof as to the time within which work shall be completed, shall not apply to extensions of service under franchises, permits or privileges other than for railroads, street railroads, suburban or interurban railroads.

Service and Accommodation.

SEC 143. The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including among other things the right to pass and enforce ordinances to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise, permit or privilege, and the right to make and enforce all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

Rates and Charges.

SEC 144. The grant of every franchise, permit or privilege shall be subject to the right of the city, whether or not reserved in such grant to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise, permit or privilege. The grant of every franchise, permit or privilege for a railroad, street railroad, or suburban or interurban railroad shall provide that all United States mail carriers when in uniform, and all policemen, firemen and employees of the electrical department of the city while in the actual discharge of their duties, be allowed to ride on all cars of such railroad within the boundaries of the city, without paying fare therefor and with all the rights of other passengers.

Right of City to Assume Ownership.

SEC. 145. ASSEMBLY CHAMBER, SACRAMENTO, CAL., February 14, 1911.

MR. SPEAKER: Your Committee on Contested Elections, to whom was referred the matter of the contest of *Vollimer vs. Walsh* (said Vollimer acting for E. J. Baumberger), for a seat in this Assembly from the Thirty-seventh Assembly District, beg leave to submit a minority report as follows:

We have carefully examined all the testimony submitted to this committee and find ample evidence to cause your committee to believe that probable error had been committed in counting the votes for the office of member of Assembly in said Thirty-seventh Assembly District. The sworn testimony presented to your committee shows that the election officers in many of the polling places in said Thirty-seventh Assembly District were lamentably unfit to perform their respective duties as they were evidently unable to count or tally the vote correctly; that in one instance one of the tally books mysteriously disappeared, and that in some polling places six out of the eight election officers had disappeared from the polling places long before the votes in said polling places were counted.

We find from the evidence submitted no direct evidence of fraud but such a gross carelessness and indifference on the part of election officers as to almost amount to criminal negligence.

We recommend that your committee be authorized, empowered, and instructed to send for persons and papers including election ballots as provided by law and that your committee be ordered to count such ballots and report the result of its labors to this Assembly.

GAYLORD, Chairman.

By Mr. Polsley:

RED BLUFF, CALIFORNIA, February 13, 1911.

Hon. Harry Polsley, Assembly Chamber, Sacramento, California

We, the undersigned, farmers, citizens, taxpayers, and business men of the county of Tehama, State of California, respectfully petition you to use your best endeavors to amend Section 637a of the Penal Code of the State of California in regard to the protection of the following non-game birds, to wit: What is commonly known and called sandhill crane, as these birds are very destructive to growing crops, and do untold damage to a farmer during the year.

Also to have the law relating to meadow larks amended so that said birds may be killed by any person at any time or place, as these birds are very destructive to farmers, orchardists, and gardeners, and are in fact a pest and should be destroyed, and if the law were so amended as to permit any one to kill them at any time, it would gradually in time reduce the numbers of this pest.

And your petitioners will ever pray, etc.

Signed: E. J. BLOSSOM (and others).

By Mr. Wilson:

A petition from the Woodland local of the Socialist party relative to the Board of Regents of the University of the State of California.

SENATE CONSTITUTIONAL AMENDMENT NO. 22

A resolution to propose to the people of the State of California an amendment to the Constitution of said State, by amending Section 1 of Article 4 thereof, relating to legislative powers, and reserving to the people of the State of California the power to propose laws, statutes and amendments to the Constitution and to enact the same at the polls, independent of the Legislature, and also reserving to the people of the State of California the power to approve or reject at the polls any Act or section or part of any Act of the Legislature

The Legislature of the State of California, at its regular session commencing on the second day of January, 1911, two thirds of all the members elected to each of the two houses of said Legislature voting in favor thereof, hereby propose that Section 1 of Article 4 of the Constitution of the State of California, be amended so as to read as follows:

Section 1. The legislative power of this State shall be vested in a Senate and Assembly which shall be designated "The Legislature of the State of California," but the people reserve to themselves the power to propose laws and amendments to the Constitution, and to adopt or reject the same, at the polls independent of the Legislature, and also reserve the power, at their own option, to so adopt or reject any Act, or section or part of any Act, passed by the Legislature.

The enacting clause of every law shall be "The People of the State of California do enact as follows:"

The first power reserved to the people shall be known as the initiative. Upon the

presentation to the Secretary of State of a petition certified as herein provided to have been signed by qualified electors, equal in number to eight per cent of all the votes cast for all candidates for governor at the last preceding general election, at which a governor was elected, proposing a law or amendment to the Constitution, set forth in full in said petition, the Secretary of State shall submit the said proposed law or amendment to the Constitution to the electors at the next succeeding general election occurring subsequent to ninety days after the presentation aforesaid of said petition, or at any special election called by the Governor in his discretion prior to such general election. All such initiative petitions shall have printed across the top thereof in twelve point black-face type the following: "Initiative measure to be submitted directly to the electors."

Upon the presentation to the Secretary of State at any time not less than ten days before the commencement of any regular session of the Legislature, of a petition certified as herein provided to have been signed by qualified electors of the State equal in number to five per cent of all the votes cast for all candidates for Governor at the last preceding general election, at which a Governor was elected, proposing a law set forth in full in said petition, the Secretary of State shall transmit the same to the Legislature as soon as it convenes and organizes. The law proposed by such petition shall be either enacted or rejected without change or amendment by the Legislature, within forty days from the time it is received by the Legislature. If any law proposed by such petition shall be enacted by the Legislature it shall be subject to referendum, as hereinafter provided. If any law so petitioned for be rejected, or if no action is taken upon it by the Legislature within said forty days, the Secretary of State shall submit it to the people for approval or rejection at the next ensuing general election. The Legislature may reject any measure so proposed by initiative petition and propose a different one on the same subject by a yea and nay vote upon separate roll call, and in such event both measures shall be submitted by the Secretary of State to the electors for approval or rejection at the next ensuing general election or at a prior special election called by the Governor, in his discretion, for such purpose. All said initiative petitions last above described shall have printed in twelve point black-face type the following: "Initiative measure to be presented to the Legislature."

The second power reserved to the people shall be known as the referendum. No Act passed by the Legislature shall go into effect until ninety days after the final adjournment of the session of the Legislature which passed such Act, except Acts calling elections, Acts providing for tax levies or appropriations for the usual current expenses of the State and urgency measures necessary for the immediate preservation of the public peace, health or safety, passed by a two-thirds vote of all the members elected to each house. Whenever it is deemed necessary for the immediate preservation of the public peace, health or safety that a law shall go into immediate effect, a statement of the facts constituting such necessity shall be set forth in one section of the Act, which section shall be passed only upon a yea and nay vote, upon a separate roll call thereon, provided, *however*, that no measure creating or abolishing any office or changing the salary, term or duties of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be construed to be an urgency measure. Any law so passed by the Legislature and declared to be an urgency measure shall go into immediate effect.

Upon the presentation to the Secretary of State within ninety days after the final adjournment of the Legislature of a petition certified as herein provided, to have been signed by qualified electors equal in number to five per cent of all the votes cast for all candidates for Governor at the last preceding general election at which a Governor was elected, asking that any Act or section or part of any Act of the Legislature, be submitted to the electors for their approval or rejection, the Secretary of State shall submit to the electors for their approval or rejection, such Act, or section or part of such Act, at the next succeeding general election occurring at any time subsequent to thirty days after the filing of said petition or at any special election which may be called by the Governor, in his discretion, prior to such regular election, and no such Act or section or part of such Act shall go into effect until and unless approved by a majority of the qualified electors voting thereon; but if a referendum petition is filed against any section or part of any Act the remainder of such Act shall not be delayed from going into effect.

Any Act, law or amendment to the Constitution submitted to the people by either initiative or referendum petition and approved by a majority of the votes cast thereon, at any election, shall take effect five days after the date of the official declaration of the vote by the Secretary of State. No Act, law or amendment to the Constitution, initiated or adopted by the people, shall be subject to the veto power of the Governor, and no Act, law or amendment to the Constitution, adopted by the people at the polls under the initiative provisions of this section, shall be amended or repealed except by a vote of the electors, unless otherwise provided in said initiative measure, but Acts and laws adopted by the people under the referendum provisions of this section may be amended by the Legislature at any subsequent session thereof. If any provision or provisions of two or more measures, approved by the electors at the same election, conflict, the provision or provisions of the measure receiving the highest affirmative vote shall prevail. Until otherwise provided by law, all measures submitted to a vote of the electors, under the provisions of this

section, shall be printed, and together with arguments for and against each such measure by the proponents and opponents thereof, shall be mailed to each elector in the same manner as now provided by law as to amendments to the Constitution, proposed by the Legislature, and the persons to prepare and present such arguments shall, until otherwise provided by law, be selected by the presiding officer of the Senate.

If for any reason any initiative or referendum measure, proposed by petition as herein provided, be not submitted at the election specified in this section, such failure shall not prevent its submission at a succeeding general election, and no law or amendment to the Constitution, proposed by the Legislature, shall be submitted at any election unless at the same election there shall be submitted all measures proposed by petition of the electors, if any be so proposed, as herein provided.

Any initiative or referendum petition may be presented in sections, but each section shall contain a full and correct copy of the title and text of the proposed measure. Each signer shall add to his signature his place of residence, giving the street and number if such exist. His election precinct shall also appear on the paper after his name. The number of signatures attached to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified elector of the State shall be competent to solicit said signatures within the county or city and county of which he is an elector. Each section of the petition shall bear the name of the county or city and county in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating his own qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be, and no other affidavit thereto shall be required. The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer oaths. Such petitions so verified shall be prima facie evidence that the signatures thereon are genuine and that the persons signing the same are qualified electors. Unless and until it be otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified electors.

Each section of the petition shall be filed with the clerk or registrar of voters of the county or city and county in which it was circulated, but all said sections circulated in any county or city and county shall be filed at the same time. Within twenty days after the filing of such petition in his office the said clerk, or registrar of voters, shall determine from the records of registration what number of qualified electors have signed the same, and if necessary the board of supervisors shall allow said clerk or registrar additional assistants for the purpose of examining such petition and provide for their compensation. The said clerk or registrar, upon the completion of such examination, shall forthwith attach to said petition, except the signatures thereto appended, his certificate, properly dated, showing the result of said examination and shall forthwith transmit said petition together with his said certificate to the Secretary of State and also file a copy of said certificate in his office. Within forty days from the transmission of the said petition and certificate by the clerk or registrar to the Secretary of State a supplemental petition identical with the original as to the body of the petition but containing supplemental names may be filed with the clerk or registrar of voters, as aforesaid. The clerk or registrar of voters shall within ten days after the filing of such supplemental petition make like examination thereof, as of the original petition, and upon the completion of such examination shall forthwith attach to said petition his certificate, properly dated, showing the result of said examination, and shall forthwith transmit a copy of said supplemental petition, except the signatures thereto appended, together with his certificate, to the Secretary of State.

When the Secretary of State shall have received from one or more county clerks or registrars of voters a petition certified as herein provided to have been signed by the requisite number of qualified electors, he shall forthwith transmit to the county clerk or registrar of voters of every county or city and county in the State his certificate showing such fact. A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by him of a certificate or certificates showing said petition to be signed by the requisite number of electors of the State. Any county clerk or registrar of voters shall, upon receipt of such copy, file the same for record in his office.

The duties herein imposed upon the clerk or registrar of voters shall be performed by such registrar of voters in all cases where the office of registrar of voters exists.

The initiative and referendum powers of the people are hereby further reserved to the electors of each county, city and county, city and town of the State, to be exercised under such procedure as may be provided by law. Until otherwise provided by law, the legislative body of any such county, city and county, city or town may provide for the manner of exercising the initiative and referendum powers herein reserved to such counties, cities and counties, cities and towns, but shall not require more than fifteen per cent of the electors thereof to propose any initiative measure nor more than ten per cent of the electors thereof to order the referendum. Nothing contained in this section shall be construed as affecting or limiting the present or

future powers of cities or cities and counties having charters adopted under the provisions of section eight of article eleven of this constitution.

In the submission to the electors of any measure under this section, all officers shall be guided by the general laws of this State, except as is herein otherwise provided.

This section is self-executing, but legislation may be enacted to facilitate its operation, but in no way limiting or restricting either the provisions of this section or the powers herein reserved.

ON FISH AND GAME

ASSEMBLY CHAMBER, SACRAMENTO, February 17, 1911

MR. SPEAKER Your Committee on Fish and Game, to whom was referred the accompanying resolution introduced by Mr. Walker, report as follows

Said resolution was introduced in the Assembly on the eighth day of February, and the same was referred on that date to this committee. The original resolution has never been in the hands of your committee or the chairman thereof. On two different occasions the chairman of this committee has asked for the resolution at the Clerk's desk, but was informed that it had been mislaid and could not be found. The accompanying resolution is a copy of the original resolution as it appears in the Journal of the Assembly on the ninth of February. In view of the criticism of this committee made on the floor of the Assembly on the sixteenth instant, the committee feels that it is proper for it to explain the reason why the resolution introduced by Mr. Walker has not been acted upon by the committee prior to this time. We would respectfully suggest that the accompanying resolution be substituted for the original, and we report the same back to the Assembly and recommend that it be adopted, viz

WHEREAS, The twenty-first biennial report of the Board of Fish and Game Commissioners of the State of California, for the years 1909-1910, shows that large sums of money have been received and expended by said commission; and

WHEREAS, Many citizens of this State are complaining that the money received by said commission has been extravagantly spent, and that the business of the commission is conducted in an ineffective manner; therefore, be it

Resolved by the Assembly, That the Speaker of the Assembly is hereby authorized and directed to appoint a special committee of five members whose duty it shall be to investigate the books and accounts of said Board of Fish and Game Commissioners, the manner in which, and the purpose for which, the moneys received by the commission have been expended, and the effect of the work of the commission on the preservation and protection of fish and game in this State; and be it further

Resolved, That said committee, after making such investigations, report to the Assembly the result of its investigation; and be it further

Resolved, That said committee shall have power to summon witnesses and to send for persons and papers, and also to issue subpoenas and compel attendance of witnesses when necessary, and be it further

Resolved That the Clerk of the Assembly is hereby instructed to assign for duty to such committee a sergeant-at-arms, and such stenographers and clerical assistance now in the service of the Assembly as may be necessary in the said investigation.

Instructions to Voters: To vote, stamp or write a cross (X) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make a ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(15) All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for charter amendments or other questions to be voted upon at the municipal elections, as provided for under this charter. The names of the candidates for each office shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

(16) The name of no candidate, who has been duly and regularly nominated, and who has not withdrawn his name as herein provided, shall be omitted from the ballot.

(17) The offices to be filled shall be arranged in separate columns in the following order:

"For mayor (if any) vote for one."

"For city clerk (if any) vote for one."

"For councilman (if any) vote for (giving number) "

"For school directors (if any) vote for (giving number)."

(18) Half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(19) Half-inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(20) The clerk shall cause to be printed sample ballots identical with the ballot to be used at the election and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail one such ballot to each voter entitled to vote at such election, so that all of said sample ballots shall have been mailed at least three whole days before said election.

(21) The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such election shall be declared elected to the office for which they are candidates.

(22) If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as herein provided.

(23) No informalities in conducting municipal elections shall invalidate the same, if they have been conducted fairly and in substantial conformity to the requirements of this charter.

SEC. 69. *General Election Regulations.* (1) The provisions of the state law relating to the qualifications of electors, the manner of voting, the duties of election officers, the canvassing of returns, and all other particulars in respect to the management of elections, so far as they may be applicable, shall govern all municipal elections, *provided*, that the council shall meet as a canvassing board and duly canvass the election returns within four days after any municipal election.

(2) In case voting machines shall be used at municipal elections, the council shall have power, by ordinance, to modify the provisions of section sixty-eight so far as may be necessary to adapt them to the use of voting machines.

ARTICLE XII.

RECALL OF ELECTIVE OFFICERS

SEC. 70. *Procedure Relating Thereto* (1) Every incumbent of an elective office, whether elected by popular vote or appointed to fill a vacancy, is subject to recall by the voters of the city. The procedure to effect such removal from office shall be as follows:

(2) A petition signed by qualified electors equal in number to twenty-five per centum of the entire vote cast for mayor at the last preceding general municipal election at which a mayor was elected, demanding an election of a successor of the officer sought to be removed, shall be addressed to the council and presented to the city clerk. The petition may request such election to be held at a special municipal election or at the next general municipal election. The petition must contain a statement of the reasons for the demand.

(3) The provisions of section sixty-eight respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modifications as the nature of the case requires.

(4) If the officer sought to be removed shall not resign within five days after

the petition is filed by the city clerk, and if the petition requests a special election, the council shall cause a special election to be held within forty-five days to determine whether the people will recall said officer, or, if a general municipal election is to occur within sixty days, the council may in its discretion postpone the holding of such election to such general municipal election.

(5) In the published call for the election there shall be printed in not more than two hundred words the reasons for demanding the recall of the officer as set forth in the recall petition, and in not more than two hundred words the officer may justify his course in office.

(6) The officer sought to be removed shall be deemed a candidate, and, unless he resigns, his name shall be printed on the ballot. The nomination of other candidates and the election shall be in accordance with the provisions of section sixty-eight.

(7) The officer sought to be removed shall, if he do not resign, continue to perform the duties of his office until the election, and, if he fail of election, he shall be deemed removed from office.

(8) No recall petition shall be filed against any officer until he has actually held his office for at least three months.

(9) No person who has been recalled from an elective office, or who has resigned from such office while recall proceedings were pending against him, shall be appointed to any office within one year after such recall or resignation.

(10) The council may by ordinance make such further regulations as may be necessary to carry out the provisions of this section, and to adapt the provisions of section sixty-eight thereto.

ARTICLE XIII.

THE INITIATIVE.

SEC. 71. *Procedure Relating Thereto* (1) Any proposed ordinance may be submitted to the council by a petition signed by registered electors of the city equal in number to the percentage hereinafter required.

(2) The provisions of section sixty-eight of Article XI respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modifications as the nature of the case requires.

(3) If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty-five per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote, under the provisions of Article XIV of this charter): or.

(b) Within twenty-five days after the clerk shall have attached to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance without alteration shall be submitted to a vote of the people.

(4) If the petition be signed by electors equal in number to at least ten, but less than twenty-five, per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after twenty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

(5) Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election either (a) the council shall cause the ordinance or proposition to be printed and it shall be the duty of the clerk to enclose a printed copy thereof in an envelope with a sample ballot and mail the same to each voter, at least three days prior to the election, or (b) the council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that each publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots as first above provided.

(6) The ballots used when voting upon such proposed ordinance shall contain the words "For the Ordinance" (setting forth in full the title thereof and stating the general nature of the proposed ordinance) and "Against the Ordinance," (setting forth in full the title thereof and stating the general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city.

(7) Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this article.

(8) There shall not be held under this article of the charter more than one special election in any period of six months.

(9) The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general municipal

election, and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly. An ordinance proposed by petition, or adopted by a vote of the people, can not be repealed or amended except by a vote of the people.

(10) The council may, by ordinance, make such further regulations as may be necessary to carry out the provisions of this section, and to adapt the provisions of section sixty-eight of Article XI thereto.

ARTICLE XIV.

THE REFERENDUM.

SEC. 72. *Mode of Protcting Against Ordinances.* No ordinance passed by the council shall go into effect before thirty days from the time of its final passage except when otherwise required by the general laws of the State or by the provisions of this charter respecting street improvements, and except the ordinance making the annual tax levy, and except an ordinance for the immediate preservation of the public peace, health or safety, which contains a statement of its urgency, and is passed by a four-fifths vote of the council; *provided*, that no grant of any franchise shall be construed to be an urgency measure, but all franchises shall be subject to the referendum vote herein provided. If during said thirty days a petition signed by qualified electors of the city equal in number to at least ten per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation and it shall be the duty of the council to reconsider such ordinance, and if the same be not entirely repealed, the council shall submit the ordinance, as is provided in Article XIII of this charter, to the vote of the electors of the city, either at the next general municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. The provisions of section sixty-eight of Article XI respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modifications as the nature of the case requires.

SEC. 73. *Referrence of Measures to Popular Vote.* Any ordinance or measure that the council or the qualified electors of the city shall have authority to enact, the council may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as is provided in this charter for ordinances or measures submitted on petition. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinances or measures herein provided for, if said other questions are such as may legally be submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

SEC. 74. *Further Regulations.* The council may, by ordinance, make such further regulations as may be necessary to carry out the provisions of this article, and to adapt the provisions of section sixty-eight of Article XI thereto.

ARTICLE XV.

SEC. 77. *The Board of Education.* The board of education shall have entire control and management of the public schools in the city in accordance with the constitution and general laws of the State, and is hereby vested with all the powers and charged with all the duties provided by this charter and by the general laws of the State for city boards of education.

He must examine all plans for the construction or reconstruction of school buildings and report in writing to the board any objections he may find thereto. He, or a deputy superintendent, may be required to act as secretary of the board of education.

SEC. 85. *Teachers, How Nominated.* The superintendent of schools shall nominate and recommend all teachers and principals for election by the board of education. He shall assign all teachers and principals and make all transfers necessary to the successful operation of the schools.

SEC. 86. *Election of Teachers.* The board of education shall elect all teachers, but only from a list of candidates nominated and recommended by the superintendent of schools. The board of education may make rules in accordance with which the superintendent must make such nominations and recommendations.

SEC. 87. *School Warrants.* Every claim payable out of the school fund shall be filed with the secretary of the board of education, and after it shall have been approved by the board a certificate of such approval shall be endorsed thereon, signed by the president and secretary, and a warrant upon the school fund shall be issued thereon for the payment of such claim. Said warrant shall be signed by the president and countersigned by the secretary and shall specify the purpose for which it is drawn and receive the approval of the city clerk as provided in section fifty-six.

The amount estimated to be required from the city shall, subject to the provisions of this charter, be assessed and collected in the annual tax levy. The proceeds of such tax shall be immediately paid into the school fund of the city, to be drawn out only upon the order of the board of education.

ARTICLE XVI.

FRANCHISES.

SEC. 89. *Property Rights Inalienable.* The right of the city in and to its streets, highways, parks and all other public places, except as otherwise provided in this charter, are hereby declared inalienable.

SEC. 90. *Franchise Required.* No person, firm or corporation shall ever exercise any franchise or privilege mentioned in this article except in so far as he or it may be entitled to do so by direct authority of the Constitution of California or of the Constitution and laws of the United States, in, upon, over, under and along any street, highway or other public place in the city unless he or it shall have obtained a grant therefor in accordance with the provisions of this article of this charter.

SEC. 91. *Franchises, How Granted.* Every franchise or privilege to construct or operate street, suburban or interurban railroads along, upon, over or under any street, highway, or other public place or to lay pipes or conduits or to erect poles or wires or other structures in, upon, over, under or along any street, highway or other public place in the city for the transmission of gas or electricity, or for any purpose whatever, shall be granted upon the conditions in this article provided, and not otherwise.

SEC. 92. *Manner of Granting Franchises.* The provisions of the state law relating to the application for, conditions of, and method and manner of granting franchises, in so far as they do not conflict with the provisions of this charter and so far as they may be applicable, shall apply to the granting of all franchises by the city.

SEC. 93. *Life of Franchise.* The maximum length of time for which a franchise or privilege to use the streets, highways or other public places of the city may be granted to any person, firm or corporation shall be thirty-five (35) years.

SEC. 94. *Service and Accommodation.* The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodation of the public, including among other things the right to pass and enforce ordinances to protect the public from danger and inconvenience in the operation of any work or business authorized by the grant of the franchise and the right to make and enforce all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

SEC. 95. *Rates and Charges.* The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise, but in no case shall the value of the franchise of the grantee (exclusive of the amount originally paid to the city for such franchise and of any tax or annual charge) be considered or taken into account in prescribing and regulating such rates, fares, rentals or charges. The grant of every franchise for a street, suburban or inter-urban railroad shall provide that all United States mail carriers, policemen and firemen of the city shall at all times, while in the actual discharge of their duties, be allowed to ride on the cars of such railroad within the boundaries of the city, without paying therefor and with all the rights of other passengers.

SEC. 96. *Right of City to Assume Ownership.* Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, or at any time before as stated in the ordinance, the city, at its election and upon the payment of a fair valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the franchise of the grantee (exclusive of the amount originally paid to the city therefor) be considered or taken into account in fixing such valuation. Or it may be provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which the franchise was granted, become the property of the city, without any compensation to the grantee.

SEC. 97. *No Conveyance Necessary.* Every ordinance granting any franchise shall further provide that upon the payment by the city of a fair valuation in the manner provided in the ordinance, the plant and property of the grantee shall become the property of the city by virtue of the grant in payment thereunder, and without the execution of any instrument or conveyance. Or in case it is provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which it was granted, become the property of the city without any compensation to the grantee, the property and plant of the grantee shall then become the property of the city by virtue of the grant and without the execution of any instrument or conveyance.

SEC. 98. *Lease or Assignment of Franchises.* Any franchise granted by the city shall not be leased, assigned or otherwise alienated without the express consent of the city, and no dealings with a lessee or assignee on the part of the city to require the performance of any act or payment of any compensation by the lessee or assignee shall be deemed to operate as such consent; *provided*, that nothing herein shall be construed to prevent the grantee of such franchise from including in it a mortgage or trust deed executed for the purpose of obtaining money for corporate objects.

SEC. 99. *Street Sprinkling, Cleaning and Paving.* Every grant of any franchise or privilege in, over, under or along any of the streets, highways or public places in the city for railway purposes, shall be subject to the conditions that the person, firm or corporation, exercising or enjoying the same shall sprinkle, clean, keep in repair, and pave and repave so much of said street, highway or other public place as may be occupied by said railway as lies between the rails of each railway track, and between the lines of double track, and for a space of two feet outside of said tracks.

SEC. 100. *Examination of Books.* The city of San Luis Obispo, by its city clerk, or accountants authorized by the city clerk, or by the council, shall have the right at all reasonable times to examine all books, vouchers and records of any person, firm or corporation exercising or enjoying any franchise or privilege granted by the city for the purpose of verifying any of the statements of gross receipts provided for, and for any other purpose whatsoever connected with the duties or privileges of the city or of such person, firm or corporation arising from this charter or from the ordinance granting the franchise, and may audit the same at the end of each year.

SEC. 101. *Annual Reports.* Every person, firm or corporation operating any business under a franchise granted under this article, after five years from the granting thereof, shall file annually with the city clerk on such date as shall be fixed by the council a report for the preceding year.

Such report shall be in writing, verified by the affidavit of such person or persons, or officer of the corporation, as the council shall direct, and shall contain a statement, in such form and detail as shall from time to time be prescribed by the council of all the gross receipts arising from all the business done by said person, firm or corporation within the city of San Luis Obispo for the year immediately preceding such report. Such report shall contain such further statements as may be required by the council concerning the character and amount of business done and the amount of receipts and expenses connected therewith, and also the amount expended for new construction, repairs and betterments during such year.

SEC. 102. *Payment of Gross Receipts.* The stipulated percentage of gross receipts shall be paid annually at the time of filing the annual report. Failure to pay such percentage shall work a forfeiture of the franchise. The provisions as to payment of gross receipts shall apply to every person, firm or corporation using or operating the works constructed under such franchise.

SEC. 103. *Forfeiture.* Every ordinance granting any franchise or privilege shall provide for the termination and forfeiture thereof for any breach or failure to comply with any of the terms, limitations or conditions thereof, and in all such cases the council shall have power to declare the termination and forfeiture of any such franchise or privilege, the same as though in each instance such power was expressly reserved.

SEC. 104. *Franchises Not in Use Forfeited.* All franchises and privileges heretofore granted by the city which are not in actual use or enjoyment or which the grantees thereof have not in good faith commenced to exercise, shall be declared forfeited and invalid, unless such grantees or their assigns shall, within six months after this charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

ARTICLE XVII.

SEC. 106. *First Election.* The board of trustees of the city of San Luis Obispo in office at the time this charter is approved by the Legislature shall provide for the holding of the first election of officers under this charter, shall canvass the votes, declare the result and approve the bonds of all officers elected at such election.

SEC. 107. *Terms of Incumbents in Office.* The members of the board of trustees, the city clerk and the members of the board of education in office at the time of the approval of this charter by the legislature shall continue to hold office and discharge their duties until the election and qualification of the mayor, city clerk, councilmen and school directors, respectively, first elected under this charter.

The term of each of all the other officers in office at the time this charter takes effect shall cease and terminate when the council first elected hereunder shall by resolution so declare.

SEC. 108. *Existing Ordinances Continued in Force.* All lawful city ordinances, resolutions and regulations in force at the time this charter takes effect and not inconsistent with the provisions thereof are hereby continued in force until the same shall be duly amended or repealed.

Any person sentenced to imprisonment for the violation of a provision of this charter or of an ordinance may be imprisoned in the city jail, or, if the council by ordinance shall so prescribe, in the county jail of the county in which the city of San Luis Obispo is situated, in which case the expense of such imprisonment shall be a charge in favor of such county against the city of San Luis Obispo.

CERTIFICATE.

WHEREAS, The city of San Luis Obispo, a city containing a population of more than three thousand and five hundred and less than ten thousand inhabitants, on the eleventh day of April, nineteen hundred and ten, at a general election, and under and in accordance with the provisions of section eight, article eleven of the Constitution of the State of California, did elect Geo. H. Andrews, S. D. Ballou, James Blackburn, Forrest E. Brown, A. L. Dutton, J. F. Hayes, Warren M. John, W. A. Kesler, W. H. Metz, A. McAlister, Howard M. Payne, L. F. Sinsheimer, F. L. Smith, R. M. Smith and W. M. Stover a board of fifteen freeholders to prepare and propose a charter for said city:

BE IT KNOWN, That in pursuance of said provisions of the Constitution and within a period of ninety days, after said election, said board of freeholders has prepared and does propose the foregoing as and for the charter of the city of San Luis Obispo, and that in submitting and proposing such charter, the board of freeholders, pursuant to said provision of the Constitution, also presents therewith for the choice of the voters, and to be voted on separately, without prejudice to the other provisions contained in the charter, an alternative proposition hereinafter stated

Said alternative proposition shall, if approved by the voters, take the place of Section 67 of Article XI of the proposed charter, which reads as follows "A municipal election shall be held in the city on the first Monday in May in the year 1911, and on the first Monday in April in 1913, and on the first Monday in April in every second year thereafter, and shall be known as the general municipal election. All other municipal elections that may be held by authority of this charter or of general law shall be known as special municipal elections"; and also of Subdivision 21 of Section 68 of Article XI of the proposed charter, which reads as follows "The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such election shall be declared elected to the office for which they are candidates."

Said alternative proposition shall be submitted to the voters for their approval or rejection at the same election at which the charter shall be submitted, and upon the ballots shall be printed, "Shall the alternative proposition, providing for second elections, take the place of Section 67 of Article XI and Subdivision 21 of Section 68 of Article XI."

Said alternative proposition is as follows:

Sec. 67. A municipal election shall be held in the city on the second Monday in April in the year 1911, and on the first Monday in April in 1913, and on the first Monday in April in every second year thereafter, and shall be known as the general municipal election. A second election shall be held, when necessary, as provided in Subdivisions 21 of Section 68, on the third Monday after said general municipal election, and shall be known as the second general municipal election. All other municipal elections that may be held by authority of this charter or of general law shall be known as special municipal elections.

Sec. 68. (21) In case there is but one person to be elected to any office, the candidate receiving a majority of the votes cast for all the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, as that of councilman, or school director, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; *provided, however*, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one half of the number of ballots cast at such election. If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election, *provided*, that if there be any person, who, under the provisions of this subdivision, would have been entitled to become a candidate for any office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such second election shall be declared elected to such office. The said second election, if necessary to be held, shall be held three weeks after the first election. All the provisions and conditions above set forth as to the conduct of an election, so far as they may be applicable, shall govern the second election, except that notice of election need be published twice only, and *provided also* that the same precincts and polling places shall, if possible, be used.

CHAPTER III.

THE INITIATIVE.

Acts of Supervisors and Legislative Acts.

SECTION 1. The registered voters shall have power to propose by petition and to adopt or to reject at the polls, any ordinance, act or other measure which is within the power conferred upon the board of supervisors, or any legislative measure which is within the power conferred upon any other board, commission or officer. Such ordinance, act or other measure may be proposed by filing with the board of election commissioners a petition setting forth said measure in full, signed by registered voters of the city and county as many in number as the percentages hereinafter required of the entire vote for all candidates for the office of mayor cast at the last preceding regular municipal election.

SIGNATURES.

SEC. 2. The words "registered voters," as used in this chapter, shall mean qualified voters whose names appear on the records of registration for the current or next preceding year. The signatures to the petition need not all be appended to one paper, but said petition may be presented in sections. The number of signatures to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or citizen taxpayer of the municipality is competent to solicit said signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all signatures to the attached section were made in his presence, and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each signer of said petition shall add to his signature his place of residence, giving the street and number. Unless and until it be proven otherwise by official investigation, it shall be presumed that the petition filed conforms to all legal requirements and contains the signatures of the requisite number of registered voters, and, after an election based thereon, the sufficiency of said petition shall not be questioned.

Any signer to a petition may withdraw his name from the same by filing with the board of election commissioners a verified revocation of his signature before the filing of the petition with said board. No signature can be revoked after the petition has been filed. The registrar of voters shall endorse on said petition the names of three persons who filed said petition.

VERIFICATION.

SEC. 3. Within ten days after the date of filing such petition, the board of election commissioners must finally determine from the records of registration whether or not said petition is signed by the requisite number of electors entitled to vote. If any signature be called in question, said board shall mail notice to such purported signer, stating that his name is attached to such petition, and cite him to appear before them forthwith. Unless and until said purported signer denies under oath the genuineness of such signature, it shall be deemed genuine. If necessary, the board of supervisors shall allow the board of election commissioners extra help for the purpose of examining such petition. The board of election commissioners, upon the conclusion of such examination, shall forthwith attach to said petition their certificate showing the result of said examination, and forthwith mail a copy thereof to the persons filing said petition. If by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures within ten days after the date of said certificate. The board of election commissioners shall, within ten days after such amendment, make like examination and determination of the amended petition and attach and mail a like certificate, and, if their certificate shall show the same to be insufficient, it shall be returned to the persons filing the same, without prejudice, however, to the filing of a new petition to effect the same purpose.

Ten Per Centum for Special Election.

SEC. 4. If the petition accompanying the proposed measure be signed by registered voters as many in number as ten per cent of the said entire vote, and contains a request that said measure be submitted forthwith to a vote of the electorate at a special election, then the board of election commissioners shall forthwith call a special election, which shall be held at a date not more than thirty days from the date of calling the same, at which said measure, without alteration, shall be submitted to a vote of the electorate.

Four Per Centum for General Election.

SEC. 5. If the petition be signed by registered voters as many in number as four per cent but less than ten per cent of the said entire vote, or if for any reason

any measure proposed by a petition signed by registered voters as many in number as ten per cent of said entire vote has not been submitted at a special election as provided in section 4 of this chapter, then, in either event, such measure or measures, without alteration, shall be submitted by the board of election commissioners to a vote of the electorate at the next general state or municipal election that shall occur at any time after thirty days from the date of the board of election commissioners' certificate of sufficiency attached to the petition accompanying such measure.

Form of Ballot. Majority Vote.

SEC. 6. The ballots used when voting upon said proposed measure shall contain a general statement thereof, followed by the words "Yes" and "No," so arranged that the voter may indicate his choice upon the ballot. If a majority of the qualified electors voting on said proposed measure shall vote in favor thereof, it shall go into effect ten days after the declaration of the official count.

Competing and Conflicting Measures. Repeal.

SEC. 7. When there are two or more measures proposed to secure the same general purpose, the board of election commissioners shall so declare, and shall have the ballots printed that the voter (first) can choose between any measure or none, and (secondly) can express his preference for any one. If a majority of the votes on the first question is affirmative, then the measure receiving the highest number of votes shall become law, and the others shall fail of passage. In case two or more measures are tie for the highest vote, they shall be resubmitted at the next ensuing general election. If there is a conflict between two or more measures or between two or more charter amendments adopted at the same election, then the measure or charter amendment receiving the highest affirmative vote shall prevail. No ordinance or measure approved by the electorate under the provision of this chapter shall be subject to veto, or be amended or repealed except by vote of the electorate, unless such ordinance or measure shall otherwise provide.

Elections.

SEC. 8. If such incumbent is so reelected, it shall require double the number of signatures to initiate a second election for his recall; and if reelected at such second recall election, it shall require three times the number of signatures to initiate a third recall election against such officer during the term for which he was elected.

The registrar's certificate shall thereupon be filled out and the document retained by him and filed.

(c) It shall be the duty of the board of election commissioners to furnish a sufficient number of forms for such candidates' declarations and such sponsors' certificates. In the event the registrar shall refuse to file such declaration or certificate, he shall forthwith designate in writing on the declaration or certificate the defect thereof, or other reason for refusing to file the same, and shall return the same to the party tendering it. Each signer must be a qualified elector, must not at the time of signing a certificate have his name signed to any other certificate for any other candidate for the same office, or, in case there are several places to be filled in the same office, signed to more certificates for candidates for that office than there are places to be filled in such office.

(e) The registrar of voters shall preserve in his office for a period of four years all candidates' declarations and all sponsors' certificates filed under this section.

(4) If the candidate shall so desire, he may file with the election commission, not less than twenty-five days before the said election, a statement, of not more than one hundred words, setting forth any facts he deems pertinent to the question of his qualifications for the office for which he is a candidate and paying the sum of twenty dollars to the registrar of voters. Additional words, not to exceed two hundred, may be added to the statement, for the additional fee of ten dollars for each hundred words or part thereof. All such fees received by the registrar shall be paid over to the treasurer of the city and county of San Francisco and credited to the general fund. Upon the payment of the said fee, the board of election commissioners shall cause said statements, with the candidate's name and number on the ballot appearing above each to be grouped under the office for which he is a candidate, the names and groups to be arranged in the same order as the ballots printed for the assembly district of said city and county designated by the lowest number. The board of election commissioners shall cause the said statements so arranged to

be printed either in single sheet or pamphlet form, the candidate's name and number in fourteen (14) point type and the body of the statement in ten (10) point type and enclosed and circulated with the sample ballot and sent to each registered voter. The board of election commissioners shall furnish, at least five days before the said election, copies of such statements, so arranged and printed, to registered voters on application at his office.

Mayor's Proclamation.

(5) Immediately after such declaration and ten sponsors' certificates shall have been filed, the registrar of voters shall enter the names of the candidates in a list, with the offices to be filled, and shall not later than twenty-five days before the election certify such list as being the list of candidates nominated as required by this charter; and the mayor shall cause said certified list of names and the offices to be filled, designating whether for a full term or unexpired term, to be published in the proclamation calling the election at least eight successive days, excluding Sundays, before the election, in not more than two daily newspapers of general circulation published in the city and county of San Francisco. Said proclamation shall conform in all respects to the general state law governing the conduct of municipal elections, now or hereafter in force, except as herein required.

Instructions to voters To vote, stamp or write a cross (X) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election and obtain another.

Arrangement of Offices on Ballot.

(b) The offices to be filled shall be arranged in the following order:

The mayor, police judges, district attorney, city attorney, assessor, auditor, county clerk, sheriff, treasurer, tax collector, recorder, public administrator, coroner, arranged in one or more columns, and the supervisors in a column or columns separate from the others.

Every Nominee on Ballot.

(c) The name of every candidate who has been duly and regularly nominated shall be placed on the ballot under the title of the office for which he is a candidate.

Rotation of Candidates' Names.

(d) The ballots for the assembly district of the city and county designated by the lowest number shall have the names of each group of candidates for an office or offices arranged in alphabetical order, according to the family name of the candidate. In the assembly district designated by the next highest number, the groups of names shall be the same as in the district designated by the next lower number, save that the last candidate in the group in the preceding district shall be placed at the beginning of the group, the succession of names to be otherwise unchanged, and so on, rotating the names in this order throughout all the assembly districts.

In the event that the number of candidates in any group shall exceed the number of assembly districts in the city and county, then the total number of candidates in such group shall be divided by the number of assembly districts and the quotient, if an integral number, or if it be fractional, then the next highest integral number, shall be the number of candidates to be taken from the end and placed at the beginning of such a group in each successive assembly district; the rotation then being in this manner, to wit: if there be fifty-six candidates for supervisors and twenty assembly districts, numbered from twenty-five to forty-five, the fifty-fourth, fifty-fifth and fifty-sixth candidates in the group of the twenty-fifth district will be the first, second and third candidates, respectively, in the group in the twenty-sixth district.

Spaces for Name and for Voting Cross.

(e) The candidate's name shall be printed in brevier type and shall be enclosed by lines above and below, a half inch apart. Half-inch squares shall be provided at the right of the name of each candidate wherein to mark the cross.

Blank Spaces for Additional Candidates

(f) Half-inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

Other Requirements of Ballot.

(g) All ballots printed shall be precisely of the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible, in each assembly district, to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right hand side for charter amendments or other questions to be voted upon at the municipal elections, as provided for under this charter.

Voting Machines.

(h) In the event of the use of voting machines, the ballot shall be arranged on the machines in the same form in each assembly district as provided for the printed ballot.

Candidate's Political Designation.

(i) If the candidate shall file a statement and shall name therein a political designation of not more than three words, to be printed below his name on the ballot, such designation shall be printed upon the ballot below his name in capitals and lower case nonpareil type. The name and political designation shall be confined to the half-inch space enclosed by the printed lines.

Sample Ballots.

7. The registrar of voters shall cause to be printed ballots identical with the ballot to be used in each assembly district at the election and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail to each voter entitled to vote at such election a copy of the ballot to be used in his district, so that all of said sample ballots shall have been mailed at least five whole days before said election.

Votes Necessary to Elect.

8. In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast at the primary election for all the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, as that of supervisors or police judge, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; *provided, however*, that no person shall be declared elected to any such office at such primary election unless the number of votes received by him shall be greater than one half the number of ballots cast at such election.

General Election.

9. The vacancy or vacancies in any office to which the required number of persons have not been elected at the primary election shall be filled at the general election. The candidates not elected at such primary election, equal in number to twice the number to be elected to any given office, or less, if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such general election; *provided*, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for any office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such general election shall be declared elected to such office.

Rules Governing the General Election.

10. All the provisions and conditions above set forth as to the conduct of a primary election, so far as they may be applicable, shall govern the general election, except that notice of election need be published twice only; and *provided*, also that the same precincts and polling places shall, if possible, be used.

Failure of Person Elected to Qualify.

11. If a person elected fails to qualify, the office shall be filled as in this charter provided for a vacancy in such office.

Informalities in Election.

12. No informalities in conducting municipal elections shall invalidate the same, if they have been conducted fairly and in substantial conformity to the requirements of this charter.

Said alternative proposition shall, if approved by the voters, take the place of paragraph (i) of Section 6 of Chapter II of Article XI of said charter, reading as follows.

ballot, such designation shall be printed upon the ballot below his name in capitals and lower case nonpareil type. The name and political designation shall be confined to the half-inch space enclosed by the printed lines."

Said alternative proposition shall be submitted to the voters for their approval or rejection at the same election at which the amendments to Article 11 of the charter are submitted, and upon the ballots shall be printed: "Shall the alternative proposition prohibiting any partisan designation of the candidate on the ballot take the place of Subdivision (1) of Section 6 of Chapter II of Article XI, which allows such designation?" Said alternative proposition is as follows:

CHARTER AMENDMENT NO. 14.

That Section 5, Article I be amended so as to read as follows:

Section 5. No recourse shall be had against the city and county, or any board of officers thereof, for damage or loss to person or property suffered or sustained by reason of the defective condition of any sidewalk, street, avenue, lane, alley, court or place, none of which has been finally accepted by the supervisors of the city and county as by law, or as in this charter provided; nor shall there be any recourse against the city and county, or any board or officer thereof, for damage to person or property suffered or sustained by reason of accident on any such sidewalk, street, avenue, lane, alley, court or place; but in any such case the person or persons on whom the law may have imposed the obligation to repair such defect in any such sidewalk, street or public highway, shall be liable to the party injured for the damage suffered or sustained.

When any portion of the roadway of a public street in the city and county which has been accepted by the supervisors as provided by law, shall be in such defective condition as to endanger persons or property in the use thereof; or when any public sewer is defective or in want of repair, it shall be the duty of the board of public works to cause any such defect in such roadway or in such sewer to be remedied or repaired. And, if through the official negligence of the said board such defect remains unremedied or unprotected, and in consequence thereof damage or loss to person or property is sustained or suffered, the said board shall be liable to the party injured for the damage sustained; *provided*, that a notice in writing directing attention to the existence of such defect, and specifying the particular street and block thereof whereon or wherein such defect exists, shall have been served upon the said board at least five days before such damage shall have been sustained, *and provided further*, that there are at such time funds available to the said board for repairing or remedying such defects.

That Section 16, Chapter II, Article VI, be amended so as to read as follows:

Section 16. When, in the judgment of the board of public works, any portion of the roadway of any improved street, avenue, lane, alley, court or place, or any portion of any sidewalk thereof, in the city and county, none of which has been accepted by the supervisors as by law or as in this charter provided, shall be so out of repair or in such condition as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the board is authorized to notify the owner or owners of any lot fronting on said portion of said street, avenue, lane, alley, court or place, or fronting on such portion of said sidewalk so out of repair or in such condition as aforesaid, by a notice in writing to be delivered to him, or his agent, or to any of the persons referred to in Section 19 of this chapter (and for the purposes of this section any of such persons shall be deemed the "owner"), requiring such owner to repair, or reconstruct, or improve forthwith, in such manner and with such material as the board may determine and direct, said portion of said street, avenue, lane, alley, court or place, to the center line thereof, or said portion of said sidewalk in front of the lot of which he is the owner.

If said repair, reconstruction or improvement be not begun within five (5) days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the board may, if it so determine, enter into a contract with any suitable person at the expense of such owner for the doing of the work of the required repair, or reconstruction, or improvement, after the following proceedings as in this section hereinafter provided shall have been taken by the board:

The board shall cause a notice inviting sealed bids for the doing of said required work to be conspicuously posted in its office for three days (legal holidays excepted), together with the specifications for such required work. The said notice shall specify the day and hour when such sealed bids must be delivered to the board, and shall contain a general description of the work to be done, the time within which the work is to be commenced and when to be completed, and the amount of the certified check hereinafter provided for as a guaranty for the faithful performance of the contract, and shall refer to the specifications posted therewith. On the day and at the hour specified in said notice, the board shall assemble and remain in session for at least one hour, and all such bids shall be delivered to the board while it is so in session and within the hour named in the said notice. At the expiration of the hour stated in the said notice within which the bids will be received, the board shall, in open session, open, examine and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the board by the secretary. The board shall award the contract to the lowest responsible bidder, if in its judgment the bid of such bidder is reasonable and just.

The board may for good cause reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract awarded to him by the board.

No bid shall be considered by the board unless it be accompanied by a check, certified by a responsible bank, payable to the order of the clerk of the supervisors of the city and county, for an amount determined by the board and specified in the said notice inviting bids. Such check shall be held by the board as a guaranty that the bidder to whom the contract has been awarded, as hereinbefore provided, will enter into contract to do said work and faithfully perform such contract.

If said bidder fails or refuses to enter into the contract to do said work as herein-after provided, or if after having entered into the said contract said bidder fails to faithfully perform the contract, then the said certified check accompanying his bid shall be forfeited to the city and county, and shall be collected and paid into the general fund thereof.

The bidder to whom the contract for the said work has been awarded shall enter into a written contract therefor with the board of public works within five (5) days after the date of the award thereof. Upon the completion of the required repair, reconstruction or improvement by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repair, reconstruction or improvement has been properly made by said contractor, and that the charges for the same are reasonable and just, and that the board of public works has accepted the same. Upon the issuance of the said certificate the board shall surrender to the contractor the certified check hereinbefore provided for.

Until the sidewalk or the roadway of any improved street, avenue, lane, alley, court or place in the city and county is finally accepted as by law or as in this charter provided, the obligation to repair, reconstruct or improve the same is imposed upon the owner or owners of the lots fronting thereon.

The plans for the proposed museum building and any addition thereto must be approved by the board of park commissioners, and said board of park commissioners is hereby authorized and directed to set apart such portion of Golden Gate Park, convenient to public access and satisfactory to said California Academy of Sciences, as may be necessary for said building, sufficient ground being allotted to secure the safety of the same from fire.

CHARTER AMENDMENT No. 19.

That Chapter 2 of Article III of said charter be amended by adding three new sections to be known as Sections 7a, 7b and 7c, to read as follows:

City May Purchase.

Section 7a. All franchises for street railways or franchises for railways crossing any street granted under this charter shall be subject to the right of the city and county, upon the payment therefor of a fair valuation plus the bonus hereinafter mentioned, to purchase and take over the tangible property and plant including leases of any real property necessary to such plant owned by the grantee of any franchise granted under this charter, his or its successors or assigns and used in the exercise of such franchise. Such valuation shall not include any value of the franchise or right of way through the streets or any earning power of such property. The valuation shall include as part of the costs of the plant, interest on actual investments during the period of construction prior to the commencement of operation. If the purchase be made within ten years from the time the franchise is granted, the city and county shall pay to the grantee, his or its successors or assigns, in addition to the amount of such valuation, a sum or bonus not less than ten per centum nor more than twenty per centum in the discretion of the arbitrators hereinafter provided for, of the actual cost of construction of the road and of the actual cost of all other tangible property owned by the grantee, his successors or assigns, in use, and usable for the purposes for which the franchise was granted. If the purchase be made more than ten years after the granting of the franchise then the said bonus shall be ten per cent. Such valuation shall be made and the proceedings therefor initiated upon call for the same by ordinance passed by the board of supervisors or the electors. On the passage of such an ordinance the mayor shall within thirty days appoint two arbitrators and forthwith notify the owner of said franchise of their appointment by written notice addressed as follows: "To the owner of the franchise for (inserting the name of the franchise)" and left at the office of the company operating or owning the said franchise; and call upon such owner in such notice to appoint within thirty days two arbitrators and notify the mayor of their appointment. Such arbitrators shall meet and appoint a fifth arbitrator and shall make the valuation provided for herein. In the event that such arbitrators shall be unable to agree on a fifth member within ten days from the date of the appointment of the last arbitrator so appointed, they shall request the justices of the Supreme Court of California to name one of their number to act as such arbitrator. If the said justices refuse, or fail for fifteen days, to appoint one of their number to serve as such fifth arbitrator, then each of the arbitrators theretofore appointed shall propose a person to serve as such fifth arbitrator. The names of the persons so proposed shall be written on slips, and at a time and place designated not less than twenty-four hours in advance by the mayor, one slip shall be drawn by lot by the mayor in open meeting, in the same manner that the names of jurors are drawn from the jury box, and the person whose name is so drawn shall be the fifth member of the board of arbitration. If the arbitrators for the owner of the franchise refuse or neglect for five days to propose such names the mayor shall act as fifth arbitrator. The life of no franchise granted under this charter shall extend beyond thirty days after such notice to the owner of the franchise shall have been served as above, unless he shall have appointed such two arbitrators within such period. If any arbitrator shall die, be declared incompetent, absent himself from the State or otherwise become unable to act on such board, the vacancy shall be filled in the manner in which he was originally appointed. Upon the filing of the decision of said arbitrators, the board of supervisors shall submit to the qualified voters in the manner provided for the acquisition of any public utility, the acquisition of the said franchise, plant and property and the issuance of bonds for payment therefor. If two thirds of the electors voting on the proposition shall approve the same, then and not otherwise, the amount of the valuation so determined and any bonus payable hereunder, shall be paid to the owner of said franchise and railroad as soon as said bonds are sold and the property and plant shall become the property of the city and county. Such bonds may, with the consent of the owner and at the discretion of the board of supervisors, be taken at not less than par by the said owner in payment for said utility. The mayor shall tender such moneys or the said bonds to said owner and unless within ten days thereafter he shall accept the same, and transfer said property to the city and county, the said franchise shall thereupon expire and all liability of said city and county to pay the above money or bonds or any sum whatsoever for such properties shall cease. Upon the acceptance of such money or bonds, the said franchise shall be extinguished.

Wages and Hours of Employees.

SEC. 7b. Every franchise shall provide that employees of the person or company or corporation operating a street railroad shall be paid not less than three dollars a day and that eight hours shall be the maximum hours of labor in any calendar day, the same to be completed within ten hours. *Provided*, that nothing in this section shall be construed to prohibit overtime employment, wages for such employment to be paid at one and one-half times the said rate of wages proportionate to each hour of such extra service.

Penalties.

SEC. 7c. Failure to comply with any of the conditions prescribed by this charter, or any other lawful conditions which may be inserted in the grant of franchise, shall work an immediate forfeiture of the franchise and the road and track constructed thereunder. There shall be no power in the board of supervisors to relieve from such forfeiture or from any such condition.

Except as otherwise provided in this charter, the board must determine annually what goods, merchandise, stores, supplies, drugs, subsistence and other necessary articles will be needed by the city and county for the ensuing year, and it shall have no power to purchase or to pay for the same unless the provisions in this charter provided as to competitive bidding for supplies are strictly followed, and no contract shall be made for any of the same unless upon such competitive bidding.

All proposals shall be accompanied with a certificate of deposit or certified check on a solvent bank in the city and county of ten per centum of the amount of the bid, payable at sight to the order of the clerk of the supervisors. ARTICLE IV.

INITIATIVE, REFERENDUM AND RECALL.

Initiative. Procedure Relating Thereto.

SEC. 31. (1) Any proposed ordinance may be submitted to the council by a petition signed by registered voters of the city equal in number to the percentages hereinafter required.

(2) The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature, his place of residence, giving street and number.

(3) One of the signers of such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed.

(4) Within ten days from the date of filing such petition the city clerk shall examine, and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination. If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay.

(5) If the petition accompanying the proposed ordinance be signed by electors equal in number to twenty per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, and contains a request that said ordinance be submitted forthwith to a vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendary vote under the provisions of Section 32 of this charter), but if the ordinance shall fail of passage by the council, then, within five days after the determination that said ordinance shall have so failed of final adoption, the council shall proceed to call a special election, at which said ordinance, without alteration, shall be submitted to a vote of the people; or,

(b) Forthwith after the clerk shall attach to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance, without alteration, shall be submitted to a vote of the people.

(6) If the petition be signed by electors equal in number to at least ten per cent but less than fifteen per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after thirty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

(7) The ballots used when voting upon said proposed ordinance shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the general nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a binding and valid ordinance of the city; and any ordinance proposed by petition, or which shall be adopted by a vote of the people can not be repealed or amended except by a vote of the people.

(8) Any number of proposed ordinances may be voted upon at the same election, in accordance with the provisions of this section; *provided*, that there shall not be held under this section of the charter, more than one special election within a period of six months.

(9) The council may submit a proposition for the repeal of any such ordinance, or for amendments thereto, to be voted upon at any succeeding general municipal election; and should such propositions, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly. Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election, the city clerk shall cause the

ordinance or proposition to be printed, and he shall inclose a printed copy thereof in an envelope with a sample ballot, and mail the same to each voter, at least ten days prior to the election, but the city council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition, and of the sample ballot as first above provided.

The Referendum.

SEC. 32. No ordinance passed by the city council (except when otherwise required by the general laws of the State or by the provisions of this charter, respecting street improvements, and except an ordinance for the immediate preservation of the public peace, health, or safety, which contains a statement of its urgency, and is passed by two-thirds vote of the council, but no grant of any franchise shall be construed to be an urgency measure, but all franchises shall be subject to the referendary vote herein provided), shall go into effect before thirty days from the time of its final passage and its approval by the mayor; and if during said thirty days a petition signed by electors of the city equal in number to at least twenty-five per cent of the entire vote cast for all candidates for mayor at the last preceding general election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance, and if the same is not entirely repealed, the council shall submit the ordinance as is provided in Section 31 of this charter, to the vote of the electors of the city, either at the next general election or at a special municipal election to be called for that purpose, and such ordinances shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. Said petition shall be in all respects in accordance with the provisions of said Section 31, except as to the percentage of signers, and be examined and certified by the clerk in all respects as is therein provided.

SEC. 33. The holder of any elective office may be removed at any time by the electors qualified to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows:

(1) A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per centum of the entire vote for all candidates for the office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding the election of a successor of the person sought to be removed, shall be filed with the city clerk, *provided*, that the petition sent to the council shall contain a general statement of the grounds for which the removal is sought.

(2) The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed.

(3) Within ten days from the date of filing such petition the city clerk shall examine and from the great register ascertain whether or not said petition is signed by the requisite number of qualified electors and, if necessary, the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate showing the result of said examination.

(4) If, by the clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate.

(5) The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect.

(6) If the petition shall be found to be sufficient the clerk shall submit the same to the council without delay.

(7) If the petition shall be found to be sufficient the city council shall order, and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

(8) The city council shall make, or cause to be made, publication of notice and all arrangements for holding of such election; and the same shall be conducted, returned, and the result thereof declared, in all respects as are other city elections.

(9) The successor of any officer so removed shall hold office during the unexpired term of his predecessor.

(10) Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected.

(11) At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from the office upon qualification of his successor.

(12) In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant.

(13) If the incumbent receives the highest number of votes he shall continue in office.

MESSAGE FROM THE GOVERNOR.

The following message from the Governor was taken up and read:

STATE OF CALIFORNIA, EXECUTIVE OFFICE, SACRAMENTO.

To the Assembly of the State of California.

I have not approved Assembly Bill No. 29, providing for the appointment of four additional judges for the Superior Court in and for the city and county of San Francisco, and in accordance with Section 16 of Article IV of the Constitution. I return that bill to the Assembly of the State of California with my objections.

It was with reluctance that I finally reached the conclusion to veto the proposed measure. The records of the various courts of the State show a greater volume of business in the courts of the city and county of San Francisco, than in those of any other county. In 1910 there were instituted in San Francisco eight hundred and twenty-two proceedings to each judge and there are now pending there, exclusive of McEnerney suits, some seventeen thousand matters. Those courts in San Francisco that are devoted to the trial of jury cases seem inextricably involved and the number of jury cases that are upon their calendars, ready for trial, are far in excess of the number of pending cases in any other county of the State. It seems to have been quite well demonstrated that with the utmost expedition, a jury case can hardly be brought to trial in San Francisco within a period of two years. This condition, from the representations that have been made to me, is quite hopeless, and instead of improving is growing worse. In the hope of presenting a remedy, and that litigants should be afforded speedy hearings and justice, Assembly Bill No. 29 was introduced. Since its introduction, however, I have received from the citizens of San Francisco many protests against the bill. Some few residents of that locality have requested that I sign the measure, but the overwhelming proportion of those who have appealed to me has been against the Act. The Bar Association of San Francisco first resolved against the proposed measure, and formally transmitted to me that resolution. Subsequently, last Friday night, another and better attended meeting of the Bar Association was held and the measure was overwhelmingly approved. The superior judges of San Francisco are divided in reference to the proposition, and perhaps the attitude of the various public bodies in San Francisco is best exemplified by the telegram received by me from the San Francisco Labor Council. That telegram is as follows:

"SAN FRANCISCO, February 7, 1911.

"Hiram W. Johnson, Sacramento, Cal.:

"On behalf of the San Francisco Labor Council, I desire to protest against approval of the bill providing for additional judges for San Francisco. Council at its last meeting declined to approve this proposition by a vote of 151 in favor to 3 against. We have reason to believe that some judges in San Francisco are not performing their full duty, and we object to putting a premium on laziness. It is up to those who know to acquaint the people with the names of the judges who are defrauding us by collecting salary for work not performed, but we do not think that an additional tax of fifty thousand dollars a year should be put upon the people because of this condition.

"ANDREW J. GALLAGHER,

"Secretary San Francisco Labor Council."

From many other sources have come protests of like character, and I am constrained to believe that the citizens of San Francisco do not wish additional judges. Notwithstanding any personal views I might have upon the subject, therefore, I do not think I am justified in creating additional offices in opposition to the wishes of a particular community. From the records of my office, I find that apparently lawyers and laymen alike in San Diego County wish another judge in that county and believe another judge there to be absolutely necessary. While San Francisco had in 1910 eight hundred and twenty-two matters to the judge, San Diego had during the same period less than five hundred to the judge; yet, inasmuch as the one community desires the increase and believes it to be essential, I shall endeavor to accord it, and inasmuch as the other does not, I hesitate to substitute my views for those of the community. In Tulare County, I am informed from communications in my office, another judge is desired, yet the records show that Tulare County had three hundred and sixty-one matters to the judge in 1910, while, as before stated, San Francisco had eight hundred and twenty-two to the judge. If the people of Tulare County are practically agreed upon their desire for another judge, and believe it necessary for the transaction, with facility, of the business of that county, I should not hesitate to approve the pending measure. In San Francisco, though, the very people whose rights are most affected, whose litigation is most delayed, are the people who are protesting so strenuously and so earnestly to me against the appointment of new judges; and, inasmuch as they are most directly concerned, I believe they should be permitted to determine the question for themselves.

It is for these reasons, eliminating entirely my personal views in the matter, that, with reluctance, I veto the bill.

Respectfully yours,

HIRAM W. JOHNSON,
Governor of California.

The question being put, "Shall the bill become a law notwithstanding the veto of the Governor?"

The roll was called, and the veto of the Governor sustained by the following vote:
